The Green Gift Box is creating a natural and whimsical environment for online shopping that offers a unique collection of handmade items, contemporary crafts, and organic products. Our goal is to turn gift giving from ordinary to extraordinary by providing customers with products that are organic, recycled, reusable, and are made from sustainable goods. The Green Gift Box demonstrates our commitment to the community by featuring the work of local artisans and participating in community events and trunk shows whenever possible.

At The Green Gift Box you will find handcrafted jewelry, organic lines of body care, candles, herb gardens and other wonderful embellishments for the home and heart. We are excited and will continue to add planet friendly products and artists to our site as we develop in the market place. The Green Gift Box is privileged to partner up with wonderful and creative artisans who carry product lines that we can share with everyone looking for that special something. Experience the warmth, love, and creativity that's put into each product and feel great about your gift to yourself or someone special.

The Green Gift Box supports ArtReach in Denver, Colorado. ArtReach is a nonprofit charitable organization that is committed to improve the quality of many lives for at-risk and underprivileged children, youth, families, adults, and elderly in our community through year-round arts and cultural programs.
